

Simon Community Scotland

Welcome from our Chair & Chief Executive

We are delighted that you are interested in joining Simon Community Scotland’s Board of Trustees.

Our Trustees play a vital role in helping us combat the causes and effects of homelessness. Our vision is that everyone should have a safe place to live and access to the support they need. Everything we do is about and for people: the people we support, our staff, our partners and everyone affected by homelessness. Our values are built into every area of activity and tell the story of how people remain at the heart of the Simon Community.

We are currently looking for a **Treasurer to join our Board** and would welcome applications from people with a passion for combatting the causes and effects of homelessness.

To make sure we have a good balance of skills and experience, we particularly hope to hear from candidates with expertise in finance and accounting, the world of law and legal support, the impacts of the immigration and migration system and the delivery of health, social work and/or social care services, as well as people who have lived experience of the issues we seek to address.

Fairness and equality are at the heart of Simon Community Scotland’s work and we would welcome applications from people who reflect our ethos and core values.

Trustees are well supported by Simon Community Scotland’s team who ensure the Board has all the information and support it needs to carry out its duties. A full induction program will be provided to all successful candidates.

We hope that you will consider applying to join our Board and that you find all the information you need within this pack. We would ideally like for successful candidates to join our Board at our AGM in September 2025.

About Us

We are a charity wholly focussed on tackling the causes and effects of homelessness. We have nearly 60 years' experience of partnership working to respond to the complex needs of people whose journey towards homelessness often began at an early age. We respond to all aspects of homelessness and the circumstances that both lead to and exacerbate people's risk of homelessness across the central belt of Scotland. Our teams work across Glasgow, Perth & Kinross, North Lanarkshire and Edinburgh delivering homelessness prevention, street outreach services, intensive housing support, emergency and temporary supported accommodation services and supporting people to secure and sustain a new home through Housing First. We are the largest wholly focused provider of homelessness responses and in delivering provision for women experiencing homelessness in particular and we have been increasingly involved with people who experience homelessness as a direct consequence of the immigration and migration system.

This year we are likely to work with around 12000 people across all of our different service elements and responses. As a result of having such a vast connection with people and the many cross cutting areas of impact the people we support experience we are often called upon to contribute to national policy, with dedicated roles on the national and local strategic planning forums for homelessness, the drugs mission, ending destitution, digital health, suicide prevention and many others.
